This is to show a receipt of transfer from Uberfund to Paideasy. When we paid the invoice to Feracode \$50,000 was used from the \$60k you sent. The difference was used by pulling all cash and commissions out of our accounts to cover the \$26k difference.

- Swaped BTC=1.82 @ \$6936 to BCH=18.9312942 @ 659.71

- Transferred 37.5 BTC

- **37.5 BTC**

- Because this will go to tom and a portion back to paideasy. I moved it to paideasy and then will move it to tom and pay off the card we used to get the rest of the 26k to Feracode.
